

**Factory fit and finish with all the amenities, space and comfort of a custom sleeper**

Bentz integrated sleepers are designed to combine the spacious accommodations of custom sleepers with the seamless integrated styling of factory sleepers.

The key features are the stand-up cab integration and one-piece roof that provide unmatched headroom and legroom, generous workspace and ample storage.

It's space for home and business that comes in three sleeper sizes, 100 inch, 130 inch and 150 inch. Each size is available in two floor plans (rear bed or rear door) for a total of six floor plans so husband and wife teams can customize their sleeper to suit their needs.

Tour a Bentz integrated sleeper and you'll see why our models set new standards for aftermarket modifications through unparalleled factory appearance, fit and finish.

For the Bentz style and model that best fits you, go to [www.bentzusa.com](http://www.bentzusa.com) or call 260-622-9100.

Drive thousands of miles and never be more than a few feet from home.

Welcome home. Welcome to Bentz.

**Driven by design. Proven over the road.**
